

## The Things Which Cannot Be Shaken Hebrews 12:25-29

These past few months have reminded us that the world as we have known it can radically change in a moment of time. The Covid-19 pandemic, followed by destructive, deadly protests, along with radical political ideas, including a calculated hostility toward the church, have created within believers a sense of uneasiness. We question our future and if our world will ever get back to normal.

The good news is that God's Word speaks to times such as these, and today we will examine one of those passages. The writer of Hebrews speaks of a violent shaking of the world for the purpose of shaking what can be shaken, so that the things which cannot be shaken will remain.
